

**REACH (CE 1907/2006)****(Registration, Evaluation, Authorization and Restriction of Chemicals)**

27.06.2018

**REACH declaration for articles of lead containing alloys (e.g. brass)<sup>1</sup>**

- MMV S.r.l. is manufacturer of turned parts from rods and forged parts. Within the meaning of REACH it is a question here of articles.
- MMV S.r.l. is aware of REACH European regulation and has been acting since the Regulation was issued, on all actions needed to fulfil REACH obligations applicable to its industrial and commercial activities.
- MMV S.r.l. acts as a downstream user of the substances which are contained in the articles made of brass, bronze, automatic and stainless steel. Their use for the production of articles is taken into consideration in the REACH registration process.
- MMV S.r.l. will ensure that all substances contained in the products are registered MMV S.r.l. or by an upstream actor according to the time schedule for registration which is defined by REACH legislation.
- Articles produced by MMV S.r.l. are not defined as substance or mixtures according to Regulation (EC) No. 1272/2008 on classification, labelling and packaging of substances and mixtures (GHS/CLP regulation).
- Depending on the defined alloy (e.g. leaded Brass), MMV S.r.l. articles do contain following substances defined as SVHC in concentrations of more than 0.1% (w/w).

Substance	CAS/EINECS	List	Date of inclusion	Remark
Lead	CAS: 7439-92-1 EINECS: 231-100-4	SVHC	27.06.2018	The inclusion does not imply that the already well known classification of lead or the safe use conditions have changed

The packaging-material of MMV S.r.l. do not contain any of the particularly alarming substances

(SVHC) of more than 0.1% (w/w).

Link to the most recent ECHA candidate list:

<https://echa.europa.eu/candidate-list-table>

· According to *article 31 of REACH* MMV S.r.l. is not requested to compile a Safety Data Sheet.
